Whether looking for an internship sponsor, seeking career guidance, exploring research opportunities, in need of a little support, or want to explore a great idea, the ENVS faculty are here to help! Check out our web pages (http://envs.ucsc.edu/faculty/) for more information about our interests, research, and courses. If you are nervous about meeting with a professor, bring a friend!

Here is a partial list of faculty interests and expertise (but you might be surprised at some hidden histories and expertise!)
