UCSC Farm and Garden
Center for Agroecology and Sustainable Food Systems (CASFS)

Winter 2017
CASFS is Offering
5 & 2-unit internships
APPLY NOW!

CASFS is offering 5 & 2 unit, lower division farm and garden internships focused on field-scale and market garden-scale harvesting, tillage, planting, composting, cover cropping, and propagation.

- 5 unit applicants preferred, 2 unit applicants also accepted
- There are ~30 positions available across three different work sites
- Fieldwork schedule:
  - Chadwick Garden – M/W/F 8:30-12 noon for 5 or 2 units
  - Farm Garden - M/W/F 8:30-12 noon for 5 or 2 units
  - CSA Field- M/W 8:30-12 pm for 2 units
- At least 80% of internship will consist of outdoor fieldwork
- Internship includes some readings and discussions, to provide context and preparation for fieldwork
- Internship applicants need to be prepared and enthused to work outdoors in occasionally uncomfortable weather conditions. Given field conditions, students may want to change their attire, prior and/or post fieldwork. Please take this time into account when considering this internship and your course schedule.
- The farm is located at the base of campus, a 10-minute walk from the nearest bus station (Village/Lower Quarry).

If you are interested in this internship opportunity, please contact Damian Parr dmparr@ucsc.edu for an application. Internships will remain available until positions are filled, and the quarter's enrollment period allows. Spaces fill quickly.
