Supervisor/Sponsor title: Farmer
Address: 7447 Glen Haven Road, Soquel 95073
Phone: 831-212-2411
Website: www.foglinefarm.com

# of interns needed/Hours: Looking for 2-3 interns per quarter. Hours are flexible, but we like for our interns to work larger blocks than a few shorter ones.

Needed for quarters: Fall  x  Winter  x  Spring  x  Summer

Hours worked per intern: We accept both 2 and 5-unit interns.

Describe the internship assignment:

Fogline Farm is a small-scale, sustainably managed farm. Fogline is owned and managed by an alum from the Farm and Garden Apprenticeship program. We sell our products through a 50 member CSA, local restaurants and 5 area farmers markets. We grow veggies, manage fruit trees, and raise broilers (meat birds), layers (egg birds) and pigs. Pigs are slaughtered off farm, but the chickens are slaughtered on farm every Monday and Wednesday morning. We harvest veggies all day Tuesdays and Wednesdays for Thursday CSA pack out. The rest of the week there is plenty of veggie and animal management. Veggie activities include: weeding, planting, irrigating, and sowing seeds. Livestock activities include: feeding the animals, making sure they have plenty of water, moving the pens and fenced areas, collecting eggs, and mucking out the coops. There are plenty of other building and cleaning projects that are always ongoing. We are also open to academic focused school projects. Fogline is a production farm, and we keep busy and work at a fast, efficient pace. We also value education and allowing others to learn and experience the workings of a small, diverse, organic farm.

Please take a look at our website and Facebook page for a small taste of what we are doing. We are located 5 minutes above downtown Soquel Village.

Please contact: caleb@foglinefarm.com for more information.

Prerequisites:

- A love of being outdoors and getting your hands dirty.
- Ability to lift heavy objects and engage in strenuous labor.
- Self-directed.
- Self-transport as we are located 15-20 minutes from campus.
