**Needed for quarters:** Fall, Winter, Spring, Summer

Allterra Environmental, Inc. (Allterra) is a locally owned full-service environmental consulting company looking for motivated students interested in careers in sustainability. Allterra's Renewable Energy division is looking for two (possibly more) Fall interns to assist in the areas of:

- Outreach
- Sales
- Regulatory compliance
- solar design
- Assorted office tasks

We encourage students to continue the internship for Winter and Spring quarters as well. You will meet and interact with city officials, leading business people, and civic leaders on a regular basis. The internship will include 4-6 hours of event staffing or canvassing per week. Lunch will be provided on all event/canvassing days.

This internship is ideal for students interested in careers in Environmental Science, Marketing & Communication, Engineering, Bio-technology, Geology, Hydrogeology, Resource Management, and general Green Consulting.
