## Internship Description

Ecological Rights Foundation is a non-profit organization dedicated to preserving and protecting California's coastal environment through research, education and the enforcement of environmental laws. For this internship we are seeking students with interests in environmental studies, environmental law, biology, education, boating, social media and non-profit management. Interns should have strong research, writing and communication skills.

- Specific tasks may include: compiling biological and geographical information on threatened and endangered Monterey Bay-area species
- assisting with organization of educational Monterey Bay boat tours
- assisting with drafting of California Public Records Act requests
- conducting State agency file reviews
- assisting with social media outreach (Facebook, Instagram and website)
- interns interested in environmental law may have opportunities to participate in citizen enforcement actions under the Federal Clean Water Act and the Endangered Species Act
