- Email: kresgegardeninternapp@gmail.com
- # of Interns/ Hrs: 8 interns, 6hrs/week
- Quarters: Winter & Spring
- Address: 511 Porter-Kresge Rd.

INTERNSHIP DESCRIPTION

The Kresge Garden co-op, a non-hierarchical organization run by queer femme student workers, is offering a 2-unit internship focused on hand-scale garden cultivation. The Kresge Garden is the oldest student run garden on campus as well as the only campus garden that is run by a co-op. Throughout the year the garden is filled with squashes, greens, flowers and more to fill the bellies and hearts of those who work, volunteer, and wander in the garden. The 2-unit internship that the Kresge Garden co-op offers is an introduction to the space and consensus based decision making as well as permacultural and french biointensive methods such as cover cropping, bed digging and soil cultivation, crop diversity, and composting. Interns are required to come to a three hour work day on Sundays as well as attend one other gardening session during the week in order to complete the six hours per week required for the internship. To apply for the internship e-mail kresgegardeninternapp@gmail.com.
