---

## Description of Internship

### *In the Fall Quarter:*

- Learn about Monarch Butterflies
- Lead monarch walks for school groups and general public (*Many morning school programs*)
- Become a part of a team dedicated to protecting their overwintering sites and promoting healthy inland gardens for butterflies
- Help with stewardship of the grove (planting, water, and monitoring the habitat and butterflies)
- Share and be active in the community
- Training classes will be offered beginning Sept. 26th (Wednesday Evenings 6:30-9pm and Saturdays 1-4pm)

*Winter Quarter* possibilities ... Call Martha Nitzberg for details, restoration opportunities available, Special Event preparation and participation on Feb 13th and creation of education materials with staff.

### *In the Spring Quarter:*

- Learn about tidepools
- Become a part of a team dedicated to helping the environment
- Lead tidepool walks for school groups and general public
- Share and be active in the community
- Become a tidepool volunteer
