Describe the internship assignment: Brief statement about the agency; role of the intern and specific objectives of the projects assigned to the intern; tasks to be performed.

The Rachel Carson College Garden, a program within the Food Systems Working Group, provides 2 and 5 unit internship opportunities centered around basic garden care and stewardship--from seed to fruit. This internship will also focus on the intersections of society, green spaces and food justice through engaging with CRSN 90 and other hands on experience. Interested students will need to complete a casual interview before participating. Looking for students to intern for 2 quarters to develop experience with multiple seasons. Paid student staff positions will be available for students who previously committed to 2 quarters at the garden.

Prerequisites: Outline the skills and background information necessary to participate in this internship.
