**Describe the internship assignment:** Brief statement about the agency; role of the intern and specific objectives of the projects assigned to the intern; tasks to be performed.

Randall Graham is the former owner of Bonny Doon Vyd. in Santa Cruz, where he established himself as one of the California's most innovative winemakers and viticulturists. Popelouchum Farm is his new project in San Juan Bautista, where he is attempting to grow grapes consistent with the intention of producing a "wine of place." In addition to grape vines, olives and sundry fruit trees are cultivated, along with row crops. Interns would be involved in most every aspect of vineyard management, from vine training and establishment, cultivation, pest control, pruning, harvest, nursery work, vine propagation, observation of clonal trials etc.

**Prerequisites:** Outline the skills and background information necessary to participate in this internship.

Ideally, some vineyard experience pruning, training is ideal or failing that, at least some significant background in horticulture, pomology, arborculture or plant science is required.
