

Environmental Education Internships with Life Lab

at the

**Garden Classroom on the UCSC Farm
and the Blooming Classroom in Watsonville**

Come enjoy the Winter season in the garden and get school credit.

Interns receive training in: Garden-based education, working with children in an outdoor setting, group management tools, garden development projects, games, activities, and much more!

Offerings for Winter 2023 Quarter:

- **MONDAYS, from 9am to 2pm** - Feeling Fine with Fresh Foods field trip with 3rd-5th grade students
- **TUESDAYS, from 8:30am-2:30pm**- Plant-to-Plate field trip with 2nd graders
- **TUESDAYS, from 8:30am-2:30pm**- Plant-to-Plate field trip with 2nd graders
- **THURSDAYS, from 8:30am-2:30pm** - Plant-to-Plate field trip with 2nd graders

**We taste veggies & fruit, discuss where our food comes from,
and explore the garden with kids!!!**

Interns meet at the Life Lab Garden, on the UCSC campus

You DO NOT NEED A CAR to participate!

Spanish speaking skills desired, but not required! Enthusiasm for working with kids is a must!

Interns teach and work on garden projects all quarter.

2 or 5 credits available through the Environmental Studies Dept.

For more information **contact Cara at 831-459-4035 or cara@lifelab.org**

Garden Based Internships with Life Lab

Get your hands in the dirt and participate in our Gardening & Garden Crew Internships!!

Come enjoy the Winter season in the garden and get school credit. Grow your gardening skills, learn the basics of garden design and elements of a child-friendly garden, and learn how we grow the garden to support our seasonal field trips, workshops, school & summer programs.

Interns meet at the Life Lab Garden, on the UCSC campus

You DO NOT NEED A CAR to participate!

2 credits available through the Environmental Studies Dept.
